

My Talent My Health Annual Progress report November 2014–October 2015

Report prepared by
Club Rafiki
Kigali-Rwanda

November 2015

1. Summary

The July 2014 Just Giving Appeal raised £5,100 to enable the Club Rafiki to further its fight against the scourge of HIV. We team up with dancers in our Urban Dance School Program to raise awareness of HIV and how it can be prevented amongst their peers.

We are extremely grateful to all those donors to Just Giving YIMBY fundraising campaign, who are helping young Rwandans live full and healthy lives. We have developed the My Talent My Health (MTMH) program to change the sexual behaviours of young people. The MTMH program trained 30 young people as educators of their peers by using dance competitions, talent shows, debates and meetings to facilitate opportunities for the dancers to deliver positive health messages to their peers.

This brilliant program is gathered 10 activities as well-defined below:

introduction with parents in Closing ceremony of Training of 30 teen dancers

Performances of UDS during the event in Kanyinya sector

Schedule of implementation of MTMH program

#	Activities	Date of activities

Group work is a good teacher

2. Achievements

2.1. 30 Teen dancers are trained on HIV prevention and are become peer educators.

In Kigali from 3 up to 7 November 2015, Club Rafiki organised the 5 days of training on HIV prevention and on peer education to 30 teen dancers (15 boys, 15 Girls, between ages 12 to 16) from Urban Dance School program, this program create by Club Rafiki with close collaboration with Indigo Foundation since 2012. The training focused on Prevention sexually infections including HIV/AIDS and STIs (Sexually Transmitted Infections) awareness and prevention, reproductive health, peer education, interpersonal communication and life skills.

As the young people move into their advocacy role they will be constantly supported by Club Rafiki Youth Friendly Centre in its activities of VCT services, HIV and Sexual and Reproductive Health promotion. Peer Educators are trained also to understand and technics to talk with their peers about sexual and reproductive health issues including STIs and HIV prevention, pregnancy prevention, and healthy relationship.

2.2. December 1, 2014 : CELEBRATION OF WORLD AIDS DAY.

World AIDS Day is held on 1 December each year and is an opportunity for people worldwide to unite in the fight against HIV, show their support for people living with HIV and to commemorate people who have died. World AIDS Day was the first ever global health day and the first one was held in 1988.

We celebrated a WORLD AIDS DAY, on Monday, 01 December 2014, in Village of Nyamweru Cell, Kanyinya sector of NYARUGENGE District in Kigali City, in close collaboration with Just Giving appeal, Indigo Foundation from Australia, local authorities of Nyarugenge districts.

We celebrated World AIDS Day through the quiz on AIDS and Sexual reproductive conducted by new peer educators trained firstly. In this big event, we organized the competition on Dancing (Modern and Urban), sketch, poem and singing with message for the fight against HIV/AIDS and competition of football between young people live in this part of Nyarugenge District.

At least 800 hundred people attend this sensitisation event.

Session on reproductive health conducted by trainees

Quiz on reproductive health and importance

UDS participants conducted the session on

Traditional dance for youth live in Kanyinya

Dance crews answering questions
after Dancing presentation

1st place winners

2nd place winners

3rd place winners

2.3. Debate including Dance competition.

February 1, 2015, every year is national heroes' day in Rwanda so we didn't have any activities on that day. On Saturday 21st of February we had my talent my health type of debate, including dance competitions, Dance crew were to perform then be asked a question by one of the trainees on HIV prevention and peer education, as the first activities of this program.

Each time after they perform so after all the 10 crews that attended the competition were done, we would call them back and start answering the questions that were asked, the ones who would get the answers right, would go further in the competitions.

So we had 3 places of winners, the 1st place was owned by kids of unity crew, the second place by the urban dance school crew, the third by new heat crew (former urban dance students).

Community Work (Umuganda Day) in Mageragere Sector 28/03/2015

2.4. Community work in Mageragere sector.

On the 28th of March 2015 we went to Mageragere Sector of Nyarugenge District for the monthly community services, we took the urban dance school students and the HIV/VCT services group from Club Rafiki, after the services there is always a meeting between citizens and the Sector Executive Secretary of that sector to discuss about various thing concerning the area and solve problems that occur in the area.

After the meeting that when we started our main event which had plenty of different activities in it (all part of my talent my health) those activities are:

- Peer education conducted by Teenagers from UDS,
- VCT services,
- soccer game between local teams,
- dancing, etc...

This time, our peer educators from urban dance school took over the whole event and it was real to see such young people get everybody's attention and sensitize a great number of people to do the HIV/AIDS test.

The Executive Secretary of Mageragere sector

Djibril (student from UDS) talking about the male's system of reproduction.

This woman showed what she knew on how to use condoms and answered correctly a couple of questions she was asked so she was rewarded with t-shirts, soaps and few other things.

Judges from Urban Dance School

First team winners

2.5. Debate gathering Teen' groups

on the 17th of April we organized a little debate for students before they could go back to school, the whole point of the debate was for our students (the peer educators) to be able to start teaching other people are their age, sharing ideas with the youth.

Most of the young people who attended this debate, where local dance crews from the area and many other kids who live close by, we got to reward the winning teams as well as the other teams that participated to the debate.

2.6. Evaluation I

Friday the 5th June 2015 we decided to make a quick evaluation of the 30 students that attended the first activity of my talent my health program in November last year.

This evaluation consisted of various discussions and short quizzes; the purpose was to see whether these students still remember what was taught to them and why it was taught to them. It all turned out well, finding out that 25/30 students still remember at a 100% were they were taught.

Students from all classes of UDS in the evaluation

Are written their ideas to the sticks

2.7. Community work in Rwezamenyo Sector

On Saturday 29 August 2015, in Abatarushwa Village in Rwezamenyo One Cell of Rwezamenyo Sector of Nyarugenge District, in close collaboration with Ministry of Youth and ICT, Funded By Fundraising of UK youth through the My Talent My Health program of CLUB RAFIKI Youth Friendly Center (CRYFC).

INZOVU anti-AIDS youth Club organized a Special event for the fight against AIDS and unwanted pregnancies to their generation, this activity aiming at sensitizing and mobilizing the youth on HIV, Sexual and Reproductive Health and VCT services.

During the sensitization and mobilization activity for young people were educated on the Sexual and Reproductive Health and the HIV/AIDS as well as the importance of HIV and AIDS test through the several leisure programs like music and dance, sketches, shows...

During the mobilization activity, CRYFC received and tested 102 youth clients (56 Boys and 46 Girls), we got 3 (2 F&1 M) positive cases.

The Drama played by Youth in the SPECIAL EVENT organized by Club Rafiki VDS.

Girls participated positively in the implementation of My Talent My Health.

2.8. Evaluation II

Friday, October 30, 2015, we decided to make last evaluation of the 30 students conducted my talent my health program from the beginning in November 2014.

This evaluation consisted of various discussions and short quizzes; the purpose was to see whether these students still remember what was taught to them and why it was taught to them.

It all turned out well, finding out that 28/30 students still remember at a 100% were they were taught.

as the last evaluation of this program, the participants got the time to sharing with us their views.

My name is Kwame Miguel

Age: 14 years.

byatwunguye Ubwenge byarushijeho kutekera byiza. kuko twagiriye abaturanyi tubonye na ma byarushijeho kubyotubera byiza.

Ndifuzako twakomeza kugenda twagira inama abantu tubabwirako bakirinda ibishya.

Name: Mado
Year: 16

Iyo bya mabiriye ntuko namenyeye kwirinda zikurindira byamaze kumenyanyye ukwezi kimugore. Iyo byamaze byatumye mbashya kugashyiraho umugore. Iyo byamaze byatumye mbashya kugashyiraho umugore. Iyo byamaze byatumye mbashya kugashyiraho umugore.

byewe witeye nifuze ntuze twazajya indushyamba mu ntera tukajyishye abandi. Imyamba yakomeye tukababwirako twazajya indushyamba mu ntera tukajyishye abandi.

Nitwa Sanju mfiti imyaka 15

Iyantu bimaze

1. Nuko twagombaga kwigisha bagenzi bacu ko ibyo bya buke byagizye ubwenge ndetse akaba amibiri kubibona.
2. Nuko twajyaga kwigisha bagenzi bacu batari gukoreye condom, bakabimenyira kuko byabafasha In their life.
3. Uko babara ukwezi kimugore.

Iyakoze

4. Nuko muvuye mu gero no mu bigo byamashuri.

Djibril

Imyaka 18

Iyagikorwa icyo gashyamba nuko byamaze kuba namenyeye ibintu byinshi hagati ya virusi itera sida na sida.

Iyagikorwa nuko ubutaha muvuye mu gashyamba yubukangura mbaga mu bigo bitandukanye yaba ibyo mu muryi. Gashyamba ibyo mu ntara.

3. same Children's reactions on MTMH

My name is Miguel, 14 years, with my talent my health my Health, I got the skills to educate and to advise my friends about Sexual reproductive health.

As my opinion, We will continue to educate especially teens about HIV prevention and bribe prevention.

Mado is my name, 16 years, I participated in this program from the beginning, now I know that I'm responsible of my life, I recognize woman's menstrual cycle as a girl is very important, in addition, I educate what I have my generation like adultery and HIV prevention,

My idea, we have to continue this way of education on sexual health because can help other teenagers as the voice of future.

His Sanju 15 years, drugs are sometimes causes of the many problems like HIV, Sexual Transmission Infections (STIs) with this program we educate about Sexual reproductive our peers, we need to continue this fruitful way to change our behaviors.

I'm called Djibril 18 years, after this program I know the difference between HIV and AIDS.

As my dream, we've to continue this program to schools because today there are many problems like teens pregnancy to schools and the communities.

Financial situation of My Talent My Health (MTMH) from Nov. 2014 - Oct. 2015
